

# Graduation Requirements

American World School — Online Programme · Asia's First Entrepreneurial School

## Overview

This document outlines the graduation requirements for American World School (AWS) students enrolled in the Online Programme. Students must complete 24 credits across core subjects and electives to earn their American High School Diploma — the same diploma and credit requirements that apply across all AWS delivery formats.

## Credit System Overview

- **Credits Awarded:** 0.5 credits are awarded for the successful completion of a semester-long class.
- **Successful Completion:** a minimum score of 60% is required to earn credit. Note that universities often prefer scores of 80% or higher, with 90% and above being the most favorable. Some universities do not accept grades between 60% and 69%.
- **Total Credits for Graduation:** students must earn a total of 24 credits from 9th to 12th grade.
- **Annual Credit Requirement:** students should earn 6 credits per year, equating to 12 classes (each worth 0.5 credits).

## American Grading Scale

| Grade | Percentage   | GPA | Status                                                 |
|-------|--------------|-----|--------------------------------------------------------|
| A     | 90% – 100%   | 4.0 | The highest grade                                      |
| B     | 80% – 89%    | 3.0 | Credit awarded                                         |
| C     | 70% – 79%    | 2.0 | Credit awarded                                         |
| D     | 60% – 69%    | 1.0 | Not failing but generally not accepted by universities |
| F     | 59% or below | 0.0 | Failing — no credit awarded, course must be repeated   |

## Grade Point Average (GPA) System

- **GPA Scale:** the GPA is calculated out of a possible 4.0 points.
- **Example:** a 4.0 GPA indicates straight A's throughout high school, while a 3.0 GPA indicates average B grades.
- **Weighted vs. Unweighted GPA:** AP courses are more rigorous and are thus awarded up to 5.0 points on a weighted GPA scale. On an unweighted scale, all courses, including AP, are measured out of 4.0 points.

## Core Credit Requirements

Total Core Credits Required: 14 credits

| Credits | Subject Area   | Requirements                                                                              |
|---------|----------------|-------------------------------------------------------------------------------------------|
| 4       | Language Arts  | Required: Language Arts 9, 10, 11, 12 — OR an AP Literature course in one of these years. |
| 4       | Mathematics    | Required: Algebra 1, Geometry. Students choose 2 additional Math credits.                 |
| 3       | Science        | Required: Biology. Students choose 2 additional Science credits.                          |
| 3       | Social Studies | Required: World History, US History, American Government/Economics.                       |

## Elective Credit Requirements

Total Elective Credits Required: 10 credits

| Credits | Subject Area                 | Options                                                                                                                                                                                                            |
|---------|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1       | Fine Arts                    | Art, Music, Theatre, or other equivalent arts courses.                                                                                                                                                             |
| 1       | Physical Education or Health | Physical Education or Health, delivered as a Live Block with a Success Coach. Competitive student-athletes can fulfill this requirement through a specified number of training hours per week, with documentation. |
| 8       | Electives                    | Includes AP courses and courses in any other discipline. Electives cannot overlap with other core categories.                                                                                                      |

## Elective Types

### 1. Live Block-Led

Regular scheduled Live Block sessions with a Success Coach, integrated into the student's weekly online timetable.

### 2. Self-Led

Independent study, requiring self-motivation and organization. Students must check in with the learning platform daily.

### 3. Independent Study

Students choose specific topics to study, design their projects, and present their work at the end of the semester. A Success Coach grades the work and conducts weekly check-ins.

## Advanced Placement (AP) Courses

### About AP Courses

AP courses provide college-level work opportunities and the option to earn US college credit by taking the AP Exam in May.

### Benefits

- AP courses are more rigorous and weighted higher on the GPA scale.
- Favorably viewed by college admissions officers.

### Eligibility

Open to all high school students who meet the prerequisites or obtain approval to bypass them. Consultation with the student's Success Coach is recommended to determine readiness.

### AP Exams

Standardized tests scored between 1 to 5, with scores of 3 or higher typically earning college credit.

## Early College Enrollment

Learners can join the early college program to earn the Associate degree along with the American High School Diploma upon graduation.

- Benefits: complete 2 years (60 credits) of a 4-year (120 credits) degree program, saving time and financial resources upon graduation.
- Credits: direct transfer from credits earned in the Early College Program to graduation requirements.
